Excellent Conferences given by LDE

LD Export was invited to give a speech on two other conferences: for Agro Dev from France and for the Belgian institution: Netwerk Ondernemen.

Thanks for the trust in us we showed the GULF market potential and opportunities for both presentations' participants.

We hope to see all the participants soon in our market, the Gulf Countries, for tremendous success.

We have already received the testimonials from them, please find below:

of entrepreneurs who were exploring the UAE market. You could feel the years of experience with LD Export that François-Xavier brought to the table. Highly recommend contacting them when planning on doing business in the Middle East.”

and

We recently organized a workshop on the GCC food retailing topic. LD Export - François Xavier Depireux and Arnaud Popille - were among the speakers.

The audience was heterogenous : some attendees had a fair knowledge on the GCC market, others were newcomers, which was quite a challenge! But LD-Export managed to satisfy both experts and novices, the feedbacks we gathered afterward being very positive.

Personally, I have attended to many conferences in order to discover different markets, but this one was genuinely unique: of course it was insightful, with expected facts and data, but it was also fun to hear , experience-lead and thoughts-provoking!

Bien Cordialement,

Valentine BAURET - Managing Director
